

KEY HAWKE'S BAY VARIETIES

- MERLOT CABERNET BLENDS
- SYRAH • CHARDONNAY

Hawke's Bay's benign climate and high sunshine hours have long established the region as ideal for fruit growing.

Vines were first planted in 1851 by Marist missionaries and the region enjoys a significant international reputation for producing some of the country's best wines, red and white.

A relatively large and diverse region capable of producing a wide range of varieties to a very high standard, Hawke's Bay is best known for its Merlot Carbernet Blends, Chardonnay and Syrah. The climate and lengthy growing season also allows regular production of successful Pinot Noir, aromatics and dessert styles.
